Fell in love with this course from the very first round. Beautiful fairways and greens make it an absolute pleasure to play. If you want to play a course that will challenge your skill set, and improve your course management over time, then in my opinion this is the course for you. It offers you a completely different way to play golf than you are probably used too. With its lengthy par 4s, strategically placed links style bunkers, and weather elements that will have you laughing, it will certainly leave you wanting to experience more. Best course I have played in Australia for many many years, and glad to introduce family and friends to be new Members. Great family friendly facilities with spotless amenities.

Great fairways, slick greens, will be a real challenge once the other 9 holes are finished. Very fancy bar and restaurant. Will definitely be back once I can hit my 3 wood.

Had my first game here since the redevelopment from 18 to 9. I was very impressed with the new layout which has been executed brilliantly. The new club house/pro shop/bar/restaurant is stunning. Highly recommend heading down for a game.

The current 9 holes are a great challenge, I enjoyed it so much that I got in touch with the team in the pro shop to organise a large group booking with a bunch of mates.

They have been very accommodating and made the process very simple. Looking forward to more golf at Kennedy Links
