Fell in love with this course from the very first round. Beautiful fairways and greens make it an absolute pleasure to play. If you want to play a course that will challenge your skill set, and improve your course management over time, then in my opinion this is the course for you. It offers you a completely different way to play golf than you are probably used too. With its lengthy par 4s, strategically placed links style bunkers, and weather elements that will have you laughing, it will certainly leave you wanting to experience more. Best course I have played in Australia for many many years, and glad to introduce family and friends to be new Members. Great family friendly facilities with spotless amenities.
